T C TELEPHONE, L.L.C.’S SEVENTH AMENDED COMPLIANCE PLAN

I. INTRODUCTION

T C Telephone, L.L.C. d/b/a Horizon Cellular (“T C Telephone” or the “Company”) is a telecommunications carrier seeking designation as an Eligible Telecommunications Carrier (“ETC”) solely for the purpose of participating in the Lifeline program. Although Section 214(e)(1)(A) of the Act requires an ETC to offer USF-supported services to some extent over its own facilities, the Federal Communications Commission (“FCC” or “Commission”) has forborne from that requirement for carriers that are, or seek to become, Lifeline-only ETCs.¹ T C Telephone will avail itself of the FCC’s conditional grant of forbearance and, by its attorney, hereby files its Seventh Amended Compliance Plan outlining the measures it will take to implement the conditions

¹ *In the Matter of Lifeline and Link Up Reform and Modernization, Lifeline and Link Up, Federal-State Joint Board on Universal Service, Advancing Broadband Availability Through Digital Literacy Training*, WC Docket No. 11-42, WC Docket No. 03-109, CC Docket No. 96-45, WC Docket No. 12-23, Report and Order and Further Notice of Proposed Rulemaking, FCC 12-11 (rel. Feb. 6, 2012) (“*Order*”).

of forbearance outlined in the *Order*.² This Seventh Amended Compliance Plan replaces in its entirety T C Telephone's Sixth Amended Compliance Plan filed on August 13, 2015, and all other Compliance Plans previously filed by the Company. Given the severe economic environment that is forcing many low-income customers to forego wireless service, T C Telephone respectfully requests expeditious approval of this plan so that the Company, upon designation as an ETC, may quickly deploy much-needed Lifeline services to qualified low-income customers.

II. BACKGROUND

In the *Order*, the Commission granted forbearance from the "own-facilities" requirement contained in Section 214(e)(1)(A) for carriers that are, or seek to become, Lifeline-only ETCs, subject to the following conditions:³

(1) the carrier must comply with certain 911 requirements [(a) providing its Lifeline subscribers with 911 and E911 access, regardless of activation status and availability of minutes; (b) providing its Lifeline subscribers with E911-compliant handsets and replacing, at no additional charge to the subscriber, noncompliant handsets of Lifeline-eligible subscribers who obtain Lifeline-supported services; and (c) complying with conditions (a) and (b) starting on the effective date of this Order]; and

(2) the carrier must file, and the Bureau must approve, a compliance plan that: (a) outlines the measures the carrier will take to implement the obligations contained in this Order, including but not limited to the procedures the ETC follows in enrolling a subscriber in Lifeline and submitting for reimbursement for that subscriber from the Fund, materials related to initial and ongoing certifications and sample marketing materials, as well as further safeguards against waste, fraud and abuse the Bureau may deem necessary; and (b) provides a detailed description of how the carrier offers service, the geographic areas in which it offers service, and a description of the carrier's various Lifeline service plan offerings, including subscriber rates, number of minutes included and types of plans available.

² Although the Company qualifies for and seeks to avail itself of the Commission's grant of forbearance from the facilities requirement of section 214(e)(1)(A), the Company reserves the right to demonstrate to a state public utilities commission that it provides service using its own facilities in a state, particularly for purposes of state universal service funding under state program rules and requirements. The Company will follow the requirements of the Commission's Lifeline rules and its Compliance Plan in all states in which it provides Lifeline service and receives reimbursements from the federal Low-Income fund.

³ See *Order* at ¶¶ 368, 373 and 379.

III. T C TELEPHONE WILL COMPLY WITH THE REQUIREMENTS SET FORTH IN THE ORDER

T C Telephone will comply with all conditions set forth in the *Order*, the provision of this Compliance Plan, and all laws and regulations governing its provision of Lifeline-supported prepaid wireless service to customers throughout the United States.

A. Access to 911 and E911 Services

In the *Order*, the Commission requires T C Telephone to provide its Lifeline customers with access to 911 and E911 services, regardless of activation status and availability of minutes.⁴ The Commission and consumers are hereby assured that all T C Telephone customers will have available access to emergency calling services at the time that Lifeline service is initiated, and that such 911 and E911 access will be available from T C Telephone handsets even if the account associated with the handset has no minutes remaining.

B. E911-Compliant Handsets

The Commission also conditioned its grant of forbearance determination on T C Telephone providing only E911-compliant handsets to its Lifeline customers.⁵ T C Telephone will ensure that all handsets used in connection with the Company's Lifeline service offering are E911-compliant. In the event that an existing T C Telephone customer does not have an E911-compliant handset, the Company will replace it with a new 911/E911-compliant handset at no charge to the customer. Any new customer that qualifies for and enrolls in the Lifeline program is assured of receiving a 911/E911-compliant handset as well.

C. Consumer Eligibility and Enrollment

T C Telephone will certify and verify consumer eligibility for Lifeline in accordance with the requirements set forth in the *Order*. In instances where a state agency or third-party

⁴ See *Order* at ¶ 373.

⁵ See *id.*

administrator is responsible for the initial determination and annual recertification of consumer eligibility, T C Telephone will rely on the state identification or database.⁶ In instances where T C Telephone is responsible for the initial determination and annual recertification of consumer eligibility, the Company will follow the procedures set forth below.

1. One-Per-Household

T C Telephone understands that Lifeline is limited to a single subscription per household, and that the Commission has defined household as “any individual or group of individuals who are living together at the same address as one economic unit.”⁷ Upon receiving an application for Lifeline support, T C Telephone will check the National Lifeline Accountability Database (“NLAD”) to determine whether an individual at the applicant’s residential address is currently receiving Lifeline-supported service. T C Telephone will also search its own internal database of active customers, real-time, pre-sale, to ensure that it does not already provide Lifeline-supported service to someone at that residential address. If T C Telephone determines that an individual at the applicant’s address is currently receiving Lifeline-supported service, T C Telephone will take an additional step to ensure that the applicant and the current subscriber are part of different households. To enable applicants to make this demonstration, T C Telephone will require applicants to complete and submit to the Company USAC’s one-per-household template, which will contain the following: (1) an explanation of the Commission’s one-per-household rule; (2) a check box that an applicant can mark to indicate that he or she lives at an address occupied by multiple households; (3) a space for the applicant to certify that he or she shares an address with other adults who do not contribute income to the applicant’s household and share in the household’s expenses or benefit from the applicant’s income; and (4) the penalty for a

⁶ See Order at ¶ 98.

⁷ See Order at ¶ 74.

consumer's failure to make the required one-per-household certification (i.e., de-enrollment).⁸ T C Telephone will deny the Lifeline application of any individual residing at the same address as a current Lifeline subscriber who is part of the same household, and will advise the applicant of the basis for the denial.

On its certification forms, a draft sample of which is attached,⁹ T C Telephone will obtain a consumer's permanent residential address (which cannot be a P.O. Box or General Delivery address), unless they only have a temporary address, and a billing address for the service, if different (which may include a P.O. Box or General Delivery address).¹⁰ T C Telephone will inquire on its certification forms whether or not the applicant's address is a temporary one.¹¹ If it is, T C Telephone will notify the consumer that the Company will contact the consumer every 90 days, by phone or text, to verify that he or she continues to rely on that address, and that if the consumer fails to respond within 30 days of T C Telephone's attempt to verify the temporary address, he or she will be de-enrolled from the Lifeline program.¹² Also on its certification forms, T C Telephone will explain that if the subscriber moves, they must provide their new address to the Company within 30 days of moving.¹³ If the subscriber has moved, T C Telephone will update the duplicates database, once in place, with the information within 10

⁸ See *Order* at ¶ 78.

⁹ See Exhibit A. The draft form remains subject to change, but substantially reflects the content of the Company's application.

¹⁰ See *Order* at ¶ 85.

¹¹ See *Order* at ¶ 89.

¹² See *id.* If and when this 90-day recertification of temporary addresses requirement is approved, the Company will de-enroll any Lifeline customer who fails to respond to the Company's attempt to verify a temporary address. However, as of the date of filing of this Compliance Plan, this requirement has not been approved. In fact, on April 13, 2012, the Office of Management and Budget (OMB) invoked the Paperwork Reduction Act (PRA) to prevent this requirement from going into effect.

¹³ See *Order* at ¶ 85.

business days of receipt of the information.¹⁴

As detailed below, T C Telephone's certification form will clearly explain the one-per-household requirement and all consumers must certify that they receive Lifeline support for a single subscription per household.

2. Initial and Annual Certification

Consumers will be signed up in person or directed, via company literature, collateral or advertising, to a toll-free telephone number and to the Company website, which will provide information regarding the Company's Lifeline service plans, including a detailed description of the program and state-specific eligibility criteria. T C Telephone's application form will identify that it is a "Lifeline" application. T C Telephone will provide Lifeline-specific training to all employees, agents,¹⁵ or representatives (hereafter "personnel"), that interact with actual or prospective consumers with respect to obtaining, changing or terminating Lifeline services.

T C Telephone's initial certification and annual verification forms will conform to the list of requirements provided in the *Order*, Appendix C and with C.F.R. § 54.410(d), as amended. T C Telephone has contracted with Solix, a well-known, experienced and reputable firm in the USF industry, to assist in reviewing customer applications and verifying eligibility. T C Telephone's Lifeline certification form as administered through Solix, a draft sample of which is attached as Exhibit A, will require each prospective subscriber to provide the following:

- (i) The subscriber's full name;
- (ii) The subscriber's full residential address;
- (iii) Whether the subscriber's residential address is permanent or temporary;
- (iv) The subscriber's billing address, if different from the subscriber's residential address;
- (v) The subscriber's date of birth;

¹⁴ *See id.*

¹⁵ Agents are independent contractors employed by T C Telephone. Agents are responsible for collecting enrollment information from potential Lifeline customers. All enrollment information will then be submitted to a T C Telephone employee who will accept or decline the potential customer.

- (vi) The last four digits of the subscriber's social security number, or the subscriber's Tribal identification number, if the subscriber is a member of a Tribal nation and does not have a social security number;
- (vii) If the subscriber is seeking to qualify for Lifeline under the program-based criteria, as set forth in § 54.409, the name of the qualifying assistance program from which the subscriber, his or her dependents, or his or her household receives benefits; and
- (viii) If the subscriber is seeking to qualify for Lifeline under the income-based criterion, as set forth in § 54.409, the number of individuals in his or her household.

The certification forms will also explain in clear, easily understandable language that:

- (i) Lifeline is a federal benefit;
- (ii) Lifeline service is available for only one line per household;
- (iii) a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses;
- (iv) households are not permitted to receive benefits from multiple providers;
- (v) that violation of the one-per-household requirement would constitute a violation of the Commission's rules and would result in the consumer's de-enrollment from the program, and potentially, prosecution by the United States government; and
- (vi) a Lifeline subscriber may not transfer his or her service to any other individual, including another eligible low-income consumer.

T C Telephone will require all consumers, at sign up and annually thereafter, to certify under penalty of perjury that:

- (i) The subscriber meets the income-based or program-based eligibility criteria for receiving Lifeline, provided in § 54.409;
- (ii) The subscriber will notify the carrier within 30 days if for any reason he or she no longer satisfies the criteria for receiving Lifeline including, as relevant, if the subscriber no longer meets the income-based or program-based criteria for receiving Lifeline support, the subscriber is receiving more than one Lifeline benefit, or another member of the subscriber's household is receiving a Lifeline benefit.
- (iii) If the subscriber is seeking to qualify for Lifeline as an eligible resident of Tribal lands, he or she lives on Tribal lands, as defined in 54.400(e);
- (iv) If the subscriber moves to a new address, he or she will provide that new address to the eligible telecommunications carrier within 30 days;
- (v) If the subscriber provided a temporary residential address, he or she will be required to verify his or her temporary residential address every 90 days;
- (vi) The subscriber's household will receive only one Lifeline service and, to the best of his or her knowledge, the subscriber's household is not already receiving a Lifeline service;
- (vii) The information contained in the subscriber's certification form is true and correct to the best of his or her knowledge,
- (viii) The subscriber acknowledges that providing false or fraudulent information to receive Lifeline benefits is punishable by law; and

(ix) The subscriber acknowledges that the subscriber may be required to re-certify his or her continued eligibility for Lifeline at any time, and the subscriber's failure to re-certify as to his or her continued eligibility will result in de-enrollment and the termination of the subscriber's Lifeline benefits pursuant to § 54.405(e)(4).

Applicants will also be required to initial a number of disclosure statements intended to ensure that the applicant understands applicable eligibility requirements. Consumers who do not complete the application process in person must return the signed application and support documentation to the Company by mail, fax, email or other electronic transmission. The Company will accept electronic signatures, including Interactive Voice Response (IVR) recordings, that meet the requirements of the Electronic Signatures in Global and National Commerce Act, 15 USC 7001-7006.¹⁶

Enrollment by phone. T C Telephone will primarily enroll Lifeline applicants via phone. Representatives are able to verbally explain the Lifeline program and its eligibility requirements, including required information and disclosures. When a prospective customer calls, a representative will first explain key information such as the one-per-household limitation and eligibility requirements in an effort to pre-screen for ineligible subscribers and thereby save time for both the consumer and the Company. A representative will then collect and input the required information into an electronic copy of the Company's application form, at which point they will validate the address via a USPS/Melissa Database, check the information against the NLAD and T C Telephone's internal database to confirm that the applicant is not already receiving a Lifeline subsidy from T C Telephone or any other ETC, and review all certifications and disclosures

¹⁶ See *id* at ¶ 168.

verbally with the applicant.¹⁷ If the customer indicates on the application form that their address is a multi-household residence, the representative will require the applicant to complete USAC's one-per-household template as well. If an eligibility database is available, the representative will query the database to determine eligibility. Until the Company implements IVR technology, the representative will direct the applicant to the T C Telephone website where enrollment forms will be located. If they do not have access to the internet they will receive a copy of T C Telephone's Lifeline certification form in the mail along with a postage-prepaid return envelope, and that they are required to return the completed form to T C Telephone (along with proof of identity and verification of benefits, if no eligibility database is available) before their Lifeline service can be activated. The representative will explain how to submit the required documentation to the Company as well as what documentation qualifies as proof of benefits. The Applicant will be placed in a "hold" status and T C Telephone's system will automatically mail a welcome letter along with the Lifeline certification form for the applicant to complete and sign (and USAC's one-per-household template, when applicable, and a request for proof of identity and verification of benefits, if no eligibility database is available), as well as a postage-prepaid envelope to return all documentation to T C Telephone. When T C Telephone receives the applicant's completed form(s) and, if applicable, copies of proof documentation and government-issued ID, a representative will review the documentation and complete the "Office Use Only" section of the application form, which must be completely filled out and signed in order to record a description about the specific documentation reviewed as part of the eligibility verification process, including type of documentation (i.e. Food Stamps), name on document, and a unique identifier (last 4 digits of

¹⁷ When the Company implements IVR technology, the representative will make sure the applicant verbally acknowledges each required certification before moving onto the next, and will obtain the applicant's signature via IVR. Customers will then be able to complete USAC's one-per-household template, when applicable, over the phone as well.

document ID). T C Telephone will upload the completed Lifeline certification form to the customer record, prompting delivery of the phone to eligible customers by mail. Each phone mailed requires a signature upon delivery. The customer's account is activated upon the customer's personal initiation or actual use of the phone. The welcome packet will instruct the customer to call a toll free number in order to activate their phone, at which point they will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application. This process allows the Company to confirm the person activating the phone is the intended recipient. The customer's first call will be directed to an activation line if they do not call the activation toll free number.

After being redirected to the activation line the customer will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application.

Enrollment in person. The Company will enroll Lifeline applicants in person at community events. When a prospective customer applies at an event, personnel will aid the customer in filling out T C Telephone's Lifeline certification form electronically on a laptop or tablet, first highlighting the one-per-household disclosures. Personnel will ask to see a government issued ID and will validate the address via a USPS/Melissa Database and simultaneously check the information against the NLAD and T C Telephone's internal database to confirm that the applicant is not already receiving a Lifeline subsidy from T C Telephone or any other ETC. If the customer indicates on the application form that their address is a multi-household residence, personnel will require the applicant to complete USAC's one-per-household template as well. In cases where an eligibility database exists, personnel will query the database to determine eligibility. In states where eligibility databases are not available, personnel must see the applicant's proof of participation in one of the Lifeline eligible programs or proof that their annual household income is at or below 135% of the federal poverty guidelines. T C Telephone's Lifeline application contains an "Office Use Only"

section, which must be completely filled out and signed by personnel in order to record a description of the specific documentation reviewed as part of the eligibility verification process, including type of documentation (i.e. Food Stamps), name on document, and a unique identifier (i.e. last 4 digits of the document ID). Eligibility documents are returned to the customer after review. Finally, personnel will verbally review all certifications and disclosures with the applicant before they sign the application form, making sure the applicant verbally acknowledges each required certification before moving on to the next. Upon successful completion of the certification process, eligible customers are allowed to choose a service plan and receive their free phone and welcome packet in person. In instances where eligibility databases cannot be accessed in real-time, T C Telephone will mail the phone and welcome packet to eligible customers once verification of eligibility is complete. Each phone mailed requires a signature upon delivery. The customer's account is activated upon the customer's personal initiation or actual use of the phone. The welcome packet will instruct the customer to call a toll free number in order to activate their phone, at which point they will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application. This process allows the Company to confirm the person activating the phone is the intended recipient. The customer's first call will be directed to an activation line if they do not call the activation toll free number. After being redirected to the activation line the customer will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application.

Enrollment online. Prospective customers will be able to fill out an application form online and sign electronically. T C Telephone will highlight the certifications that are required, for example, by requiring consumers to acknowledge each certification before moving on to the

next field.¹⁸ If the customer indicates that their address is a multi-household residence, online interface will require the applicant to complete USAC’s one-per-household template as well. If no eligibility database is available, the online interface will advise the applicant that they are required to provide proof of identity and verification of benefits before their Lifeline service can be activated; applicants will be made aware of how to submit the required documentation to the Company as well as what documentation qualifies as proof of benefits. The Company will qualify the applicant by accessing necessary databases (USPS/Melissa, NLAD, eligibility databases). If no eligibility database is available, the application will be placed in a “hold” status until T C Telephone receives copies of the applicant’s proof documentation and government-issued ID, at which point a representative will review the documentation and complete the “Office Use Only” section of the application form, which must be completely filled out and signed in order to record a description about the specific documentation reviewed as part of the eligibility verification process, including type of documentation (i.e. Food Stamps), name on document, and a unique identifier (last 4 digits of document ID). T C Telephone will upload the completed Lifeline certification form to the customer record, prompting delivery of the phone to eligible customers by mail. Each phone mailed requires a signature upon delivery. The customer’s account is activated upon the customer’s personal initiation or actual use of the phone. The welcome packet will instruct the customer to call a toll free number in order to activate their phone, at which point they will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application. This process allows the Company to confirm the person activating the phone is the intended recipient. The customer’s first call will be directed to an activation line if they do not call the activation toll free number. After being redirected to the activation line the customer will be

¹⁸ See *Order* at ¶ 123.

prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application.

Enrollment by mail. The Company may also seek to enroll customers by mail. When T C Telephone mails advertisements for the Company's Lifeline service, a Lifeline application form will be included (or, at a minimum, prospects will be directed to apply via phone or the Company website). From the Company's advertisements and application form, prospective customers will be given a clear explanation of the Lifeline program and its eligibility requirements, including all required disclosures. Customers will be able to complete, sign, and mail the application to T C Telephone along with proof of ID and proof of eligibility, if applicable. T C Telephone is then able to verify eligibility by accessing the necessary databases (USPS/Melissa, NLAD, eligibility databases). If no eligibility database is available, a representative will review the proof documentation and complete the "Office Use Only" section of the application form, which must be completely filled out and signed in order to record a description about the specific documentation reviewed as part of the eligibility verification process, including type of documentation (i.e. Food Stamps), name on document, and a unique identifier (last 4 digits of document ID). T C Telephone will deliver phones to eligible customers by mail. Each phone mailed requires a signature upon delivery. The customer's account is activated upon the customer's personal initiation or actual use of the phone. The customer's first call will be directed to an activation line if they do not call the activation toll free number. After being redirected to the activation line the customer will be prompted to enter the last 4 digits of the identification source that was submitted on their Lifeline application.

General Enrollment Procedures. T C Telephone will determine eligibility utilizing the income and program criteria currently utilized by federal default states (47 C.F.R. § 54.409(a),(b)), as well as any additional state-specific criteria. Prior to enrolling a new subscriber, T C Telephone

will check the eligibility of low-income consumers first by accessing state or federal social services electronic eligibility databases, where available.¹⁹ If a database is used to establish eligibility, T C Telephone will not require documentation of the consumer's participation in a qualifying federal program; instead, T C Telephone or its representative will note in its records a description of the specific data relied upon to confirm the consumer's initial eligibility for Lifeline.²⁰ However, in states where there is no state administrator, the state commission or other state agency is not making eligibility determinations, and there is no automated means for T C Telephone to check electronic databases for eligibility, T C Telephone will review documentation to determine eligibility for new subscribers until such time as a qualifying eligibility database is available.²¹ T C Telephone will require acceptable documentation both for income eligibility and for program eligibility. Consistent with current FCC rules, the Company will not retain copies of the documentation but rather will establish policies and procedures to review such documentation and keep accurate records detailing how the consumer demonstrated his or her eligibility.²² T C Telephone understands that it may permit personnel or representatives to review documentation of consumer program eligibility for Lifeline, and in such cases T C Telephone remains liable for ensuring all personnel's compliance with the Lifeline program rules.²³

T C Telephone provides personnel with training designed to give them an understanding of Lifeline program requirements and permit them to review customer documentation and determine whether it is sufficient to establish a customer's eligibility to participate in the Lifeline program

¹⁹ See Order at ¶ 97.

²⁰ See Order at ¶ 98.

²¹ See Order at ¶ 99.

²² See Order at ¶ 101. In the event that FCC rules are revised to allow for or require retention of proof documentation, the Company will retain such documentation in accordance with applicable regulations.

under the Commission's rules. No T C Telephone personnel may accept a Lifeline application unless he or she has first completed this training program and demonstrated an understanding of the underlying material. Among other things, the Lifeline program training discusses the Company's Lifeline application form (see Exhibit B) on a section-by-section basis. The training explains what sections of the form must be completed by the customer and reviews the form disclosures in detail, to facilitate the ability of Company personnel to explain each item contained therein and answer any customer questions.

3. Annual Re-Certification

T C Telephone understands that it must re-certify the eligibility of its entire Lifeline subscriber base annually and report the results to USAC by January 31 each year, and the Company may elect to perform this re-certification on a rolling basis throughout the year.²⁴ T C Telephone will annually re-certify the continued eligibility of all of its subscribers by contacting them—either in person, in writing, by phone, by text message, by email, or otherwise through the Internet—to confirm their continued eligibility.²⁵ The re-certification notice will explain the actions the customer must take to retain Lifeline benefits, when Lifeline benefits may be terminated, and how to contact the Company. T C Telephone will obtain a signed certification from the subscriber that meets the certification requirements of 47 C.F.R. § 54.410(d), as amended, as detailed in section C.2 above. The Company will provide written notice of impending service termination to subscribers who do not respond to the annual re-certification within 30 days. T C Telephone understands that such certifications may be obtained through a written format, an IVR system, or a text message, and will use one or more of such options for its

certifications.²⁶

Alternatively, where a database containing consumer eligibility data is available, T C Telephone (or state agency or third-party, where applicable) will instead query the database and maintain a record of what specific data was used to re-certify eligibility and the date of re-certification. If a subscriber's address cannot be verified through the state data, T C Telephone will contact the subscriber every year during the annual certification process to obtain a valid address.²⁷ T C Telephone understands that it has the option to elect USAC to administer the self-certification process on the Company's behalf.²⁸

T C Telephone will certify its compliance with Commission rules on an annual Lifeline eligible telecommunications carrier certification form and when submitting FCC Forms 497 to USAC for reimbursement. As part of T C Telephone's submission of re-certification data pursuant to 47 C.F.R. § 54.416, an officer of the Company will certify annually to USAC:

- (1) that the Company has procedures in place to review consumers' documentation of income-and program-based eligibility. In instances where the Company confirms consumer eligibility by relying on official program eligibility data, such as a state or federal database, an officer of the Company will attest to what data the Company uses to confirm consumer eligibility in each state, and
- (2) that the Company is in compliance with all federal Lifeline certification procedures.²⁹

D. Other Reforms to Eliminate Waste, Fraud and Abuse

T C Telephone shares the Commission's concern about abuse of the Lifeline program and is

²⁶ See Order at ¶ 132.

²⁷ See Order at ¶ 131.

²⁸ See Order at ¶ 133.

²⁹ See Order at ¶ 126-27.

thus committed to the safeguards stated herein, with the belief that the procedures it will implement will prevent Company customers from engaging in such abuse of the program, inadvertently or intentionally.

T C Telephone has implemented enrollment procedures designed to prevent subsidies for duplicate, ineligible, or inactive subscribers. The Company contracts with a third party Lifeline service bureau, currently CGM, LLC of Roswell, Georgia, to edit all subsidy request data. CGM will process and validate the Company's subsidy data to prevent: (1) Duplicate Same-Month Lifeline Subsidies (Double Dip): any name/address that is already receiving a lifeline subsidy from the Company will be automatically prevented from receiving a second lifeline subsidy in that same month; and (2) Inactive lines receiving subsidy: CGM's systems compare all subsidy requests to underlying network status to ensure that subsidies are requested only for active lines. Through the processes described herein, T C Telephone ensures that it does not over-request from support funds.

As detailed in section III.C.2, T C Telephone first validates each applicant's identity via a government issued ID card, passport, etc. and also validates the address via a USPS/Melissa Database to ensure the address is correct. Additionally, as mentioned above, T C Telephone requires the applicant to provide their date of birth (DOB) and last four digits of their social security number (SSN). Requiring DOB and SSN ensures that neither the applicant nor the Company representative can forge certification forms based on false names and addresses. Once the applicant's identity is confirmed, T C Telephone verifies that the applicant is eligible to receive the Lifeline subsidy. To do this, T C Telephone checks the NLAD and any available eligibility database. If an eligibility database is not available, the applicant is required to provide proof of income or program participation. This prevents ineligible or duplicate subscribers from receiving the subsidy.

1. National Lifeline Accountability Database

T C Telephone will participate in the NLAD. T C Telephone will query the database to check to see if a prospective subscriber is already receiving service from another ETC at a residential address prior to seeking reimbursement from the Fund.³⁰ As required by the *Order*, T C Telephone will provide to the database subscriber name, address, phone number, the last four digits of Social Security number, date of birth, Lifeline service initiation and de-enrollment date (when applicable), and amount of federal Lifeline support being sought for that subscriber.³¹

Furthermore, on its certification form, T C Telephone will obtain acknowledgement and consent from each of its subscribers that is written in clear, easily understandable language that the subscriber's name, telephone number, and address will be divulged to USAC (the administrator of the program) and/or its agents for the purpose of verifying that the subscriber does not receive more than one Lifeline benefit.³²

2. Subscriber Usage

T C Telephone will not seek reimbursement from the USF for new subscribers until they have personally activated the service, either by initiation and/or actual use of the service by the subscriber. Furthermore, T C Telephone will not seek reimbursement from the USF for inactive subscribers who have not used the service for a consecutive 60-day period.³³ T C Telephone will notify its subscribers at service initiation, via the certification form and via script that is reviewed with every customer, about the non-transferability of the phone service, its usage requirements, and the de-enrollment and deactivation that will result following non-usage in any 60-day period

³⁰ See *Order* at ¶ 203.

of time.³⁴ An account will be considered active if during any 60-day period the authorized subscriber does at least one of the following: makes a monthly payment; purchases minutes from the Company to add to an existing pre-paid Lifeline account; completes an outbound call; answers an incoming call from anyone other than the Company, its personnel; or affirmatively responds to a direct contact from the Company confirming that he or she wants to continue.³⁵ T C Telephone utilizes tracking software to notify the customer if the customer has not used their service for more than 30 or 60 consecutive days. Furthermore, a third party contractor validates the Company's subsidy data to prevent a subsidy request for customers that are inactive under the Company's non-usage policy.³⁶ After notification, if the customer fails to use the phone, it is automatically de-enrolled pursuant to the procedures outlined in section E below. T C Telephone will continue to comply with applicable public safety, including transmitting 911 calls to the appropriate PSAP even if the Company is no longer providing Lifeline service to a consumer.³⁷

3. Marketing & Outreach

T C Telephone will implement the measures outlined herein to help ensure that only eligible consumers enroll in the program and that those consumers are fully informed of the limitations of the program, so as to prevent duplicative or otherwise ineligible service as well as other forms of waste, fraud, and abuse. T C Telephone will explain in clear, easily understood language the following disclosures in all marketing materials related to the supported service.³⁸

³⁴ *See id.*

³⁵ *See Order* at ¶ 261.

³⁶ CGM, LLC is currently the Company's third party contractor.

³⁷ *See Order* at ¶ 262. 911 transmissions will actually be performed by the Company's underlying facilities-based CMRS provider.

³⁸ See Exhibit B for sample advertisements. The Company understands the term "marketing materials" includes materials in all media, including but not limited to print, audio, video, Internet (including email, web, and social networking media), and outdoor signage, that describe the Lifeline-supported service offering, including application and certification forms. *See Order* at ¶ 275.

(1) the offering is a Lifeline-supported service; (2) only eligible consumers may enroll in the program; (3) the program is limited to one benefit per household, consisting of either wireline or wireless service; and (4) Lifeline is a government benefit program. T C Telephone's website and printed collateral will explain the documentation necessary for enrollment, and the details of T C Telephone's plans. Such collateral and website information, as well as its application, will make clear that consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.³⁹ For broadcast advertisements and outdoor signs, and any other situation in which inclusion of documentation information and warnings against willful false statements are not practicable, T C Telephone will include the URL link for its website where disclosures will be listed. Additionally, T C Telephone will disclose the company name under which it does business.⁴⁰

4. Audits

If T C Telephone draws \$5 million or more in the aggregate on an annual basis from the low-income program, as determined on a holding company basis taking into account all operating companies and affiliates, the Company will hire an independent licensed certified public accounting firm to conduct a biennial audit according to government accounting standards to assess T C Telephone's overall compliance with the program's requirements.⁴¹ T C Telephone will comply with this requirement, including applicable rules regarding the dissemination of audit findings to the Commission, USAC, and relevant state and Tribal governments within 30 days upon issuance.⁴²

³⁹ See *Order* at ¶ 275.

E. De-Enrollment

If at any time a T C Telephone Lifeline customer wishes to de-enroll from the Company's Lifeline program, Company customer service representatives will handle such elective de-enrollment requests. T C Telephone Lifeline customers simply call the Company's toll-free customer service number and speak to a live operator to de-enroll from T C Telephone's Lifeline Program. Furthermore, T C Telephone will de-enroll consumers from the Company's Lifeline program in the following instances, according to C.F.R. § 54.405(e):

Ineligibility. Any subscriber who indicates that he or she is receiving more than one Lifeline-supported service per household, or neglects to make the required one-per-household certification on his or her certification form, will be de-enrolled from Lifeline pursuant to the process for resolving duplicative Lifeline subscriptions described in section 54.405(e)(2).⁴³

If a customer does not respond to the Company's annual verification survey within 30 days, or if T C Telephone has reasonable basis to believe that the subscriber no longer meets the Lifeline-qualifying criteria (including instances where a subscriber informs the Company or the state that he or she is ineligible for Lifeline), T C Telephone will provide a written notice of impending service termination to the subscriber and then give the subscriber 30 days after the date of the letter to demonstrate that his or her Lifeline service should not be terminated.⁴⁴ Similarly, T C Telephone will de-enroll a subscriber if they fail to respond to the Company's attempt to verify a temporary address within 30 days.⁴⁵

Duplicative Support. Subject to USAC's Duplicate Resolution Process and anticipated

⁴³ See *Order* at ¶ 122.

⁴⁴ See *id.* In states that have dispute resolution procedures applicable to Lifeline termination, the Company will comply with the state requirements.

⁴⁵ See *Order* at ¶ 89.

Duplicate Scrubbing Process,⁴⁶ T C Telephone will de-enroll a subscriber within 5 business days if the Company is informed by USAC that the subscriber is receiving Lifeline service from another ETC or that more than one member of a subscriber's household is receiving Lifeline service.

Non-Usage. T C Telephone will de-enroll any subscriber that has not used the Company's Lifeline service for 60 consecutive days, as discussed in section IV.B above. T C Telephone will provide the subscriber 30 days' notice, using clear, easily understood language, that the subscriber's failure to use the Lifeline service within the 30-day notice period will result in service termination for non-usage; such notice may be initiated after 30-days of non-usage. T C Telephone will update the NLAD within one business day of de-enrolling a subscriber for non-use and will submit a non-usage de-enrollment report annually to USAC.⁴⁷

F. Additional Rule Amendments

1. Terms and Conditions of Service

2. Reporting Requirements

T C Telephone will report all information required by section 54.422, including as it may heretofore be amended. This includes the names of the Company's holding company, operating companies and affiliates, and any branding ("doing-business-as company" or brand designation), and provide to the Commission and USAC general information regarding the terms and

3. Reimbursement from USAC

In seeking reimbursement for Lifeline, T C Telephone will comply with the requirements of C.F.R. § 54.407, as revised by the *Order*.⁴⁹ T C Telephone will certify when seeking reimbursement that the Company has obtained a valid certification form for each consumer for whom the Company seeks Lifeline reimbursement,⁵⁰ and the Company will seek reimbursement or actual lines served, not projected lines.⁵¹

T C Telephone certifies the following in accordance with newly amended C.F.R. § 54.202: (1) T C Telephone will comply with the service requirements applicable to the support that it receives; (2) T C Telephone is able to remain functional in emergency situations; (3) T C Telephone will satisfy applicable consumer protection and service quality standards.

Telephone markets through print, direct mail and television. T C Telephone has experienced continual growth due to advertising, management experience and quality customer service. The Company will provide prepaid wireless telecommunications services to consumers by using the network of its underlying carrier(s), currently Sprint Spectrum L.P. (“Sprint”). Sprint is a nationwide carrier that provides wholesale capacity on its wireless network to resellers like T C Telephone. T C Telephone will obtain from Sprint, via an agreement with Cintex Wireless, LLC, the network infrastructure and transmission facilities to allow T C Telephone to operate as a Mobile Virtual Network Operator (“MVNO”).

A. Names and Identifiers

The Company’s legal name is T C Telephone, L.L.C. T C Telephone does not have a holding company, any operating companies, or any affiliates. The Company identifies itself as T C Telephone or by its d/b/a Horizon Cellular on its marketing and advertising materials.

B. Financial and Technical Capability

T C Telephone is financially and technically capable of providing Lifeline-supported services.⁵² T C Telephone has been providing wireless service to non-Lifeline customers for over 9 years. T C Telephone has not been subject to enforcement action or ETC revocation proceedings in any state. T C Telephone is financially able to provide Lifeline-supported services and will not rely exclusively on USF disbursements to operate. T C Telephone has approximately one thousand eight hundred (1,800) Lifeline wire-line subscribers, approximately three hundred (300) wire-line and less than one hundred (100) wireless subscribers in California at this time. T C Telephone markets through print, direct mail and television. T C Telephone has experienced continual growth due to advertising, management experience and quality customer service. Furthermore, the senior management of T C Telephone has great depth in the telecommunications industry and offers

extensive telecommunications business technical and managerial expertise to the Company.⁵³ T C Telephone's management has over 50 years of combined telecommunications experience. T C Telephone will also rely upon the managerial and technical expertise of Cintex Wireless, LLC, which has years of experience in building processes, teams and programs to support MVNOs.

C. Lifeline Offering

T C Telephone will offer its Lifeline service in the states where it is designated as an ETC and throughout the coverage area of its underlying carrier, currently Sprint.⁵⁴ As summarized in Exhibit E attached hereto, the Company's Lifeline offering will provide customers with the following plan options:

1. 250 minutes per month at no cost;
2. 450 minutes for \$9.00 per month;
3. 750 minutes for \$20.00 per month; or
4. Unlimited minutes and text for \$29.99 per month.

The Company also proposes to offer one plan with a broadband component:

5. 250 minutes plus 250MB data per month, paid at \$10.00 every 3 months

Text messaging and data usage will be available on all limited minute plans at the rate of 1 text or 1 MB per 1 minute of voice.⁵⁵ Data available is 3G and does not rollover. Minutes do not rollover and will be credited to a customer's account on their monthly anniversary date - which is set on their Lifeline activation date. Lifeline customers will also have access to voice mail, caller I.D. and call waiting services at no additional charge, even after their initial allotment of included

⁵³ See Exhibit D for key management resumes.

⁵⁴ The Company reserves the right to alter the proposed Lifeline rate plans on a state-by-state basis, particularly as required by state public utility commissions (PUC). The Company commits to pass through the entire Lifeline subsidy amount directly to the consumer.

⁵⁵ On limited minute plans, minutes are interchangeable with text messages and data (i.e. 250 free minutes could be used for 250 MB data, or for any combination of voice/text/data at the rate of 1:1).

minutes has been consumed. Airtime minutes are not deducted for calls to customer service (via 611 or the toll free number) or calls to 911; customers may place calls to 911 for free, regardless of account balance or activation status. Customers are not bound by a local calling area requirement; all Company plans come with domestic long distance at no extra charge and exceptional nationwide digital coverage on the Nationwide Sprint Network. T C Telephone currently blocks roaming and international calling features, so Lifeline customers are not at risk for incurring unexpected charges for these features. Customers on paid plans who miss a payment will automatically be moved to the free 250 Minute Plan so that they do not risk service interruption.

Lifeline customers will be able to choose from a range of handsets available for purchase, as affordable as \$20.00 as well as models up to \$400.00 with financing available if needed. Lifeline customers can also purchase additional airtime if needed. Airtime cards will be available in denominations of \$6.00 (30 minutes), \$11.00 (90 minutes), \$20.00 (300 minutes), \$25.00 (500 minutes) and \$55.00 (1000 minutes), and may be purchased by calling Customer Service. Additional data will be available for purchase in denominations of \$5.00 (250 MB data for every \$5, i.e. \$0.02 per MB). T C Telephone does not impose burdensome credit checks or long-term service contracts. T C Telephone's prepaid offering will be an attractive alternative for consumers who need the mobility, security, and convenience of a wireless phone, but who are concerned about usage charges or long-term contracts.

V. **CONCLUSION**

T C Telephone submits that this Seventh Amended Compliance Plan fully satisfies the conditions of forbearance set forth in the Commission's *Order*. Implementation of the procedures described herein will promote public safety and should ensure that Lifeline customers have access to 911 and E911 services while safeguarding against misuse of the Company's Lifeline services. Accordingly, T C Telephone respectfully requests that the Commission expeditiously approve this Compliance Plan, as amended, so that the Company may begin providing the benefits of much-needed Lifeline service to qualifying low-income consumers as quickly as possible.

Respectfully submitted,

If your *HORIZON* is interrupted for 24 or more continuous hours by a cause within Horizon's control, Horizon will issue you, upon written request, either a credit equal to a pro-rata adjustment of any recurring charge (if applicable) for the time period your *HORIZON* service was unavailable, not to exceed the charges collected for the period of interruption, or an extension of the expiration period. Horizon's liability to any *HORIZON* subscriber for service failures is limited solely to the credit set forth above.

HORIZON services exclude all incidental or consequential damages, unless otherwise provided by law. Some states do not allow the exclusion or limitation of incidental or consequential damages.

DISPUTE RESOLUTION BY BINDING ARBITRATION: By accepting delivery and making a call on your *HORIZON* handset you are agreeing to the condition that requires that certain disputes that may arise between you the subscriber and Horizon be resolved through Binding Arbitration instead of a court trial or in courts of general jurisdiction. **The sole remedy for any dispute shall be binding arbitration on an individual basis, rather than by a jury trial or class actions. Binding Arbitration limits the remedies available to you in the event of a dispute. Binding Arbitration is on an individual basis exclusively and class arbitrations and class actions are hereby excluded as a remedy.**

By accepting delivery and making a call on your *HORIZON* handset **you agree that the parties (*HORIZON* and you the *HORIZON* subscriber) are each waiving the right to a trial by jury or to participate in a class action** and the Federal Arbitration Act governs the interpretation and

enforcement of any claim brought by you. This binding arbitration provision shall survive termination of your service with *HORIZON*.

HORIZON and you as the *HORIZON* subscriber agree to arbitrate all disputes and claims between the parties. This agreement to arbitrate is intended to be broadly interpreted. It includes, but is not limited to claims arising out of or based in contract, tort, statute, fraud, misrepresentation, claims relating to advertising, or any other legal theory and claims that are currently the subject of purported class action litigation in which you are not a member of a certified class. The arbitrator may award declaratory or injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim. **YOU AND *HORIZON*™ AGREE THAT EACH MAY BRING CLAIMS AGAINST THE OTHER ONLY IN YOUR OR ITS INDIVIDUAL CAPACITY, AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING** Further, unless both you and *HORIZON*™ agree otherwise, the arbitrator may not consolidate more than one person's claims, and may not otherwise preside over any form of a representative or class proceeding.

Either party (*HORIZON* or you the subscriber) who intends to seek binding arbitration must first send to the other, by certified mail, a written Notice of Dispute ("Notice"). The Notice to *HORIZON* must be sent to:

Horizon
P.O. Box 1095
Red Bluff, CA
96080

The Notice must (1) contain a description the facts and basis of the claim or dispute; and (2) and the specific relief the party is seeking. If *HORIZON* and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or *HORIZON* may commence a binding arbitration proceeding. During the binding arbitration, the amount of any settlement offer made by either party shall not be disclosed to the arbitrator until after the arbitrator determines the amount, if any, to which the other party is entitled. The binding arbitration will be governed by the Commercial Arbitration Rules and the Supplementary Procedures for Consumer Related Disputes (collectively, "AAA Rules") of the American Arbitration Association ("AAA") and will be administered by the AAA. The AAA Rules are available online at www.adr.org, by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. The arbitrator is bound by this terms and conditions. The only issues that are outside the scope of the arbitrator are issues, if any relating to the scope and enforceability of the arbitration provision. If the arbitrator finds that either the substance of the filer's claim or the relief sought is frivolous or brought for an improper purpose (as measured by the standards set forth in Federal Rule of Civil Procedure 11(b)), then the payment of any fees will be governed by the AAA Rules.

Overview of the Lifeline Program

HORIZON service offering is a part of a program that derives from the Universal Service Fund. The part of the program that *HORIZON* offers to qualified subscribers is called the Lifeline. Lifeline provides discounts that make telephone service (and wireless service) more affordable for more than 7 million Americans. The wireline and wireless companies that provide Lifeline are approved to participate in the low income program of the Universal Service Fund for the revenue they forgo by providing discounted service to eligible consumers.

What is Lifeline Support?

Lifeline is essentially monthly support that lowers the cost of monthly local wireline or wireless telephone service. An eligible customer may receive the Lifeline discount on either a wireline or wireless connection, but the discount is available for only one telephone connection per household. Lifeline support is essentially a monthly support amount that varies between states, and eligible consumers can receive up to \$9.25 per month in Lifeline subsidies.

In order to qualify for and participate in the *HORIZON* Lifeline service offering, a person must meet certain state and federal eligibility requirements that can be unique to the particular state where the subscriber resides and the Service is to be provided.

These state and federal eligibility requirements are based on several factors. Eligible subscribers can qualify for the Lifeline one of two ways; through what is known as 1) Program Based Eligibility or 2) Income Based Eligibility.

PROGRAM BASED ELIGIBILITY: Generally under the Program Based Eligibility criteria, subscribers are eligible to receive Lifeline discounts if they participate in one or more of the following programs:

1. Medicaid
2. Food Stamps
3. Supplemental Security Income (also known as SSI)
4. Federal Public Housing Assistance (Section 8)
5. Low Income Home Energy Assistance Program (LIHEAP)
6. National School Lunch program's free lunch program
7. Temporary Assistance for Needy Families Program (TANF)

Program Based Eligibility criteria will vary by state. To determine if your state provides service in your area you should refer to the *HORIZON* website found at www.horizoncellular.com.

Generally under the Income Based Eligibility criteria, subscribers are eligible to receive Lifeline discounts if their total combined household income meets the Income Poverty Guidelines as defined by the U.S. Government. Income based criteria varies by state.

INCOME BASED ELIGIBILITY: To demonstrate eligibility based upon Income Based Eligibility criteria only, please fax or mail the following information:

A signed *HORIZON*™ Lifeline application form signed and dated along with documentation demonstrating proof of income and total amount of household income for last year (Example: income tax return form, W2 form).

Some states do not offer Income Based Eligibility criteria for Lifeline. Please review the state specific requirements for Income Based Eligibility criteria before submitting an Income Based Eligibility application.
